

QDialog

```
classDiagram
    class QDialog
    class AboutPlume["plume-creator.src.plume.gui.about\n_plume.AboutPlume"]
    AboutPlume --|> QDialog
```

The diagram illustrates a class inheritance relationship. At the top is a box labeled 'QDialog'. Below it is a larger box containing the text 'plume-creator.src.plume.gui.about' and '\_plume.AboutPlume'. A blue arrow points from the bottom of the lower box up to the bottom of the 'QDialog' box, indicating that 'AboutPlume' inherits from 'QDialog'.

plume-creator.src.plume.gui.about  
\_plume.AboutPlume
